Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 98 per cent of hair losses are the results of microbes and the neglect of dandruff. The antisepsification of

SUTHERLAND SISTERS'

preparations kills microbes and removes dandruff. Their constant use for a period will, by acting directly on the hair bulbs, furnish nourishment, vitality and growing power to the impoverished roots and hair shafts, resulting in complete restoration.

Norfolk Local

(Continued.)

Rev. Arthur Seiden Lloyd, D. D. (The Southern Churchman.)

The Rev. Arthur Seiden Lloyd, D. D., rector of St. Luke's church, Norfolk, Va., has accepted the position of General Secretary of the Board of Managers of Foreign and Domestic Missions. The Board and the Church is to be congratulated on this occasion on the part of Dr. Lloyd. And in view of Dr. Lloyd's selection and of his acceptance of the place, it seems fortunate that the Board should have been so long in filling the position. Dr. Lloyd is a man in the prime of life, wise in dealing with men, largely endowed with that peculiar quality known, for want of a better name, as personal magnetism, and full of zeal and enthusiasm for missionary work. His close identification with the Brotherhood of St. Andrew and large influence in that organization brings him into sympathetic contact with very large numbers of the best element of young men in the Church; and his extended travels in the interest of the Brotherhood does away with any necessity for an introduction of the new secretary of the Church at large. His voice has already been heard many times in matters of vital interest to the Church, and many have learned to look to him as a leader and shaper of opinion and action. Certainly, it will hardly be questioned that the cause of missions in our Church just now needs our best talent and most burning enthusiasm, and in both these qualities the Board has made an eminently wise selection.

It is to be hoped that the coming of Dr. Lloyd into the work of the Board of Managers of Missions will mark a new era and the beginning of a new impulse in our missionary work at home and abroad. Dr. Lloyd has a large and ever-growing circle of warm, personal friends wherever he is known and the influence of his personality is felt; and from them all, as from the loyal children of the Church everywhere, the earnest prayer will rise to the Giver of very good and perfect gift, that he may have abundant success in his new work, and that by God's good grace, in his hands the missionary work of the Church may grow and prosper. "Prosper Thou the work of his hands; oh! prosper Thou his handiwork."

SAVED BY MRS. PINKHAM.

(LETTER TO MRS. PINKHAM NO. 72,862)

"You have saved my life, snatched me from the brink of the grave almost, and I wish to thank you. About eighteen months ago I was a total wreck, physically. I had been troubled with leucorrhoea for some time, but had given hardly any attention to the trouble.

"At last inflammation of the womb and ovaries resulted and then I suffered agonies, had to give up my profession (musician and piano player), was confined to my bed and life became a terrible cross. My husband summoned the best physicians, but their benefit was but temporary at best. I believe I should have contracted the morphia habit under their care, if my common sense had not intervened.

"One day my husband noticed the advertisement of your remedies and immediately bought me a full trial. Soon the pain in my ovaries was gone. I am now well, strong and robust, walk, ride a wheel, and feel like a girl in her teens. I would not be without Lydia E. Pinkham's Vegetable Compound; it is like water of life to me. I am very grateful and sincerely your well-wisher, and I heartily recommend your remedies. I hope some poor creature may be helped to health by reading my story."

Nervous, Irritable Spells,

All Cured by Dr. Hallock's Wonderful Electric Pills for Weak, Worn-Out, Nervous People.

Wasting away of the nerve centres, which are the reservoirs of Life, is the hardest to bear of all human ailments, and, unless corrected, ultimately causes Paralysis, Nervous Prostration and a complete breakdown. Women are especially susceptible to Nervous Troubles. Sometimes their nerves are "all on end," a slamming of a door, anything falling on the floor or any sudden noise will so startle them that they will let anything fall that they may have in their hand. One lady told us that she had on several occasions dropped her baby and she was unable to go about her daily labors without fear of dropping baby and full of confidence. Another effect of the wasting away of the nerve centres is what people call "nervous spells." You feel tired, not strong, and at the least annoyance you have "a spell," and you feel as though you would die. Your throat feels like it had a tumor in it, and the effect to swallow is painful. This is Ilystoria. Dr. Hallock's Wonderful Electric Pills will cure this malady by restoring the nerve centres. The pills are made for this very purpose and are different from any other Nerve or Blood Remedy. Give them a trial.

Dr. Hallock's Electric Pills thoroughly tested for past 50 years. They are perfect, harmless and can be taken with safety by the most delicate.
